

I love sport. I started playing tennis when I was 7 years old. I also play table tennis, basketball and other sports. I love coaching sports and these are the sports I coached. I play tennis, I coach tennis. I play basketball, I coach basketball. I play table tennis, I coach table tennis.

We all started playing basketball with the Maccabi all abilities team a long time ago. We played every week and had lots of fun. We got better. We got to play basketball against other all ability teams and go to competitions and get thrashed by everybody!

Through the Maccabi all abilities program I have played basketball, soccer, table tennis, lawn bowls and ten pin bowling. I have made lots of friends through doing all these sports.

Many of my opportunities to coach have been through Maccabi and the all abilities team. It has given me lots of experience and I enjoy coaching the all abilities players.

One example of this is basketball. I started playing basketball for the Maccabi all abilities basketball team. I have improved my skills and a few years ago I started coaching basketball for the McKinnon Cougars on Saturday mornings.

Another example is the school holiday program for Maccabi all abilities where I run the tennis program and I help others to do the sports program.

I hope to be a tennis and / or table tennis coach. At the moment I am coaching tennis three days a week at Maccabi and coaching table tennis two days a week with Paul Bronstein at Phoenix Park.

If anyone is interested in tennis or table tennis coaching, I am available and sitting here. Please come and see me after.

Thank you

Zvi Schweitzer
