

Madeleine Buchner OAM

Madeleine grew up as a Young Carer for her brother and mother with a myriad of health conditions. Now she's proving to herself and to the world that a little girl, whose family sometimes struggled to put dinner on the table, can in fact make a huge difference. From supporting one child to thousands across Australia as Founder and CEO of Little Dreamers, to singing karaoke with Hanson in Philadelphia, being the youngest recipient of an Order of Australia Medal for 2019, and dining with royalty.

Come and hear Madeleine's inspirational story about breaking down barriers and dedicating her life to at risk young people.
